MY SWEDISH CONNECTIONS

How I Found My Swedish Relatives

by Frances Froberg Wooley

Shortly after beginning my search a few years ago to fill in some holes on my husband´s pedigree chart, I decided I would try to obtain information concerning my Swedish grandfather.

At this point in time, the only thing I actually knew was that Olof Froberg, my grandfather, had gone to sea as a young man. The story I had been told was that as he left Sweden, his mother stood on the hill above him waving her apron in farewell. He was never able to return to his home in Sweden. On one of his sea voyages, he had met my grandmother who was travelling from Norway to the United States. They were married in Chicago (Cook) Illinois in 1880.

With only the above information and the year of his birth obtained from his marriage license, 1856, I submitted a query to this magazine. A response was received from Dr. Jan Vegelius of the Department of Statistics at Uppsala University in Sweden. He provided some information about the name Froberg and gave me names and addresses of nine individuals bearing this surname. I wrote letters to all these people and only received one reply which turned out not to be a

relative.

In the meantime, in a collection of postal cards which my Grandmother Froberg had given me when I was a child, I found two which had been sent from Sweden and which were written in Swedish. I located someone who could translate them and learned that they were from Harnosand, Sweden and mentioned some changes in a building there that had been done since my grandfather had last been there. They were signed Hanna Froberg. I sent this information on to Dr. Vegelius and told him of the one reply I had received from the listing he had sent me.

Dr. Vegelius wrote again. He had continued to work on my query and with the additional information I had given him, he made several inquiries on my behalf. Following is the text of his next letter:

"First I looked in a book containing the names of all Swedish villages, farms and so on. There we could find four places by the name of Utvik. Two of them were in Angermainland, one in the parish of Nora and one in the parish of Ullanger.

"I went to our city library and looked at the telephone book of Angermanland. In the Ullanger telephone area (which also contained Nora) I found a dozen persons by the name of Froberg.

"In the afternoon I called the church at Nora and the person who answered (probably the clergyman) mentioned that the only Froberg he found in Nora (with a telephone) ws Per Froberg in Frok.

"I phoned Per Froberg, who said that there had been Frobergs in Utvik, but he did not know where their descendants lived. He recommended me to call Sture Frolen in Harnosand whose uncle had married a daughter (of) Dora Froberg from Utvik. After a long search in the telephone book he found Sture´s number.

"I called Sture Frolen and he could give me telphone numbers to several children of Dora Froberg Nilsson.

"Finally I called Dora´s daughter Aina Nilsson Lindstrom, who confirmed that her grandparents had lived in Utvik in Nora. She became very interested in getting a letter from you. She says she is not so good at reading English but she has a daughter who can help her."

I assure you that I will always be deeply indebted to Dr. Vegelius as Aina Lindstrom and I have now corresponded for several years. From the pedgiree chart which follows, you will be able to see our relationship.

Then on Christmas Day, 1991, an early morning phone call announced that Aina´s daughter, Gun-Marie Sohlin had just arrived in Ft. Myers (where I live) and wanted to meet me. She was on leave from her duties as a member of the Swedish deligation of the United Nations interim forces stationed in Lebanon. My husband and I immediately went to the motel where she was staying and after introductions, invited her back to our home for the balance of her visit in Florida.

Then we had another surprise. Gun-Marie´s daughter, Charlotte, was attending high school as an exchange student in Spokane, Washington. Her mother made a few phone calls and arrangements were made for her to fly into Ft. Myers. Within hours we had met two Swedish relatives never known before. What a wonderful Christmas present!

Soon after these two relatives had returned to their respective homes, a phone call from Sweden informed us that Gun-Marie´s mother, Aina, was planning to fly to Florida on June 1. My Swedish family just kept growing and growing.

It was a long time from the first part of January until June 1. Many overseas telephone calls were made -- many letters and maps were sent and received. Explicit directions had to be given as Aina and her party would fly into Ft. Lauderdale on the east coast,

rent a car and drive across the state to Ft. Myers. It would be after dark before they would reach our home. None of the party had ever been to this country before. The hours on June 1, 1992 passed slowly.

Finally, a car pulled up outside of our home. The doors opened and for the first time in my life, I met my half-cousin from Sweden -- a relative that until a couple of years ago I did not know even existed. It was truly an exciting and awesome experience.

Those who came were Aina and her husband, Werner. Neither of them speak English although they do understand a bit. Aina´s sister, Esly Syren, sometimes acted as a translator but it was difficult. However, Aina´s granddaughter, Petra Sohlin and her finance, Peter Westin, speak very good English as they had learned it in school and did most of the translating

Not only did Aina bring me many gifts typical of Sweden, she even brought several jars of homemade jam that she had made in her own kitchen. She also brought the name and address of yet another member of our mutual family -- a granddaughter of my grandfather´s sister. Since my grandfather´s sister had 13 living children, I now shall have many more Swedish cousins to try and find.

Aina and I poured over photo albums and exchanged notes on what we each knew of our own grandparents and

their families. We talked of her grandchildren and mine. She taught me a few words in the Swedish language and I tried to teach her some English phrases. Getting acquainted with each other was not difficult. We had a most enjoyable time together.

The visit with my Swedish relatives has ended and they have returned to their homes in Harnosand and Uppsala. To say that this was one of the most important and exciting events in my liftime is an understatement. From not ever knowing of any Swedish relatives, I now have dozens! And now it is time to begin planning my trip to the land of my forefathers.

Should anyone reading this account be a relative or have information that can be added to my family history, I would certainly be interested in hearing from them. And again, I thank Dr. Vegelius for all the time and energy he spent on my behalf. It is he who encouraged me to write this account of how I found my Swedish connections!

WHO SAW MY
ARTICLE

This is the story of how I found my Swedish relations.

Shortly after the beginning of my search a few years ago in order to fill the gaps on my husband's pedigree chart, I decided I would try to obtain information concerning my Swedish grandfather.

At this point in time, the only thing I actually knew was that Olof Froberg (Fröberg), my grandfather, had gone to sea as a young man. The story I had been told was as he left Sweden, his mother stood on a hill above him waving her apron in farewell. He was never able to return to his home in Sweden. On one of his sea voyages he had met my grandmother who was traveling from Norway to the United States. They were married in Chicago, Cook County, IL in 1880.

With only the above information and the year of his birth, obtained from his marriage license, which was 1856, I submitted a query to *SAG*. A response was received sent by the late Dr. Jan Vegelius of the Department of Statistics at the University of Uppsala in Sweden. He provided some information about the name Froberg (Fröberg) and gave me names and addresses of nine individuals bearing this surname. I wrote letters to all these people but received only one reply, which turned out to be a non-relative.

In the meantime, in a collection of postal cards, which my grandmother Froberg had given me when I was a child, I found two which had been sent from Sweden and which were written in the Swedish language. I located someone who could translate them and learned that they had been sent from Härnösand in northern Sweden. They mentioned some changes which had occurred in a building which had been done since my grandfather last had been there (the restoration of the Cathedral of Härnösand). They were signed by Hanna Fröberg. This was exciting and so I sent this information to Dr. Vegelius together with the one reply I had received from the listing he had sent me.

Dr. Vegelius wrote again. He had continued to work on my query and with the additional information I had furnished him, he made several inquiries on my behalf. The following is the text of his next letter:

I assure my readers that I will always be deeply indebted to Dr. Vegelius as Aina Lindström and I have corresponded for several years. From the pedigree that follows one can determine our relationship.

Then on Christmas Day 1991, an early morning call announced that Aina's daughter, Gun-Marie Sohlin had just arrived in Ft. Myers (where I live) and she wanted to meet me. She was on leave from her duties as a member of the Swedish delegation of the United Nations interim forces stationed in Lebanon. My husband and I immediately went to the motel where she was staying and after introductions, invited her back to our home for the balance of her visit in Florida.

Then another surprise. Gun-Marie's daughter, Charlotte, was attending high school as an exchange student in Spokane,WA. Her mother made a few phone calls and arrangements were made for her to fly into Ft. Myers. Within hours we had met two Swedish relatives, whom we had not known of before. Soon after these two relatives had returned to their respective homes, a phone call from Sweden informed us that Gun-Marie's mother, Aina Lindström, was plannng to fly to Florida on 1 June. My Swedish family just kept growing and growing.

My Swedish Connections

Frances Froberg Wooley* FROM RELATIVE
IN SWEDEN
WHO SAW MY
ARTICLE

This is the story of how I found my Swedish relations.

Shortly after the beginning of my search a few years ago in order to fill the gaps on my husband's pedigree chart, I decided I would try to obtain information concerning my Swedish grandfather.

At this point in time, the only thing I actually knew was that Olof Froberg (Fröberg), my grandfather, had gone to sea as a young man. The story I had been told was as he left Sweden, his mother stood on a hill above him waving her apron in farewell. He was never able to return to his home in Sweden. On one of his sea voyages he had met my grandmother who was traveling from Norway to the United States. They were married in Chicago, Cook County, IL in 1880.

With only the above information and the year of his birth, obtained from his marriage license, which was 1856, I submitted a query to *SAG*. A response was received sent by the late Dr. Jan Vegelius of the Department of Statistics at the University of Uppsala in Sweden. He provided some information about the name Froberg (Fröberg) and gave me names and addresses of nine individuals bearing this surname. I wrote letters to all these people but received only one reply, which turned out to be a non-relative.

In the meantime, in a collection of postal cards, which my grandmother Froberg had given me when I was a child, I found two which had been sent from Sweden and which were written in the Swedish language. I located someone who could translate them and learned that they had been sent from Härnösand in northern Sweden. They mentioned some changes which had occurred in a building which had been done since my grandfather last had been there (the restoration of the Cathedral of Härnösand). They were signed by Hanna Fröberg. This was exciting and so I sent this information to Dr. Vegelius together with the one reply I had received from the listing he had sent me.

Dr. Vegelius wrote again. He had continued to work on my query and with the additional information I had furnished him, he made several inquiries on my behalf. The following is the text of his next letter:

"I went to our city library and asked to be shown the telephone directory for the province of Ångermanland, located in the north of Sweden. In the Ullånger telephone area, which also contained the listings for Nora Parish, I found a dozen people named Fröberg.

In the afternoon I called the church in Nora and the person who answered, (probably the clergyman), mentioned that the only Fröberg he found in Nora having a telephone was Per Fröberg in Frök.

I phoned Per Fröberg, who said that there had been Fröbergs in Utvik, a village in Nora Parish, but he did not know where their descendants lived. He recommended that I call Sture Frölén in Härnösand, whose uncle had married a daughter of Dora Fröberg from Utvik. After a long search in the telephone book he found Sture's number.

I called Sture Frölén and he could give me telephone numbers to several children of Dora Fröberg Nilsson.

Finally I called Dora's daughter, Aina Nilsson Lindström, who confirmed that her grandparents had lived in Utvik in Nora Parish. She became very interested in getting a letter from you. She says she is not too good at reading English, but she has a daughter who could help her."

I assure my readers that I will always be deeply indebted to Dr. Vegelius as Aina Lindström and I have corresponded for several years. From the pedigree that follows one can determine our relationship.

It was a long time from the first part of January until 1 June. Many overseas telephone calls were made - many letters and maps were sent and received. Explicit directions had to be given as Aina and her party would fly into Ft. Lauderdale on Florida's East Coast, rent a car and then drive across the state to Ft. Myers. It would be after dark before they would reach our home. None of the party had ever been to America before. The hours of 1 June 1992 passed very slowly.

Finally, a car pulled up outside our home, The doors opened and for the first time in my life, I met my half-cousin from Sweden - a relative, who until a couple of years ago I hadn't known even existed. It was truly an exciting and awesome experience.

Those who came were Aina and her husband Werner Lindström. Neither of them speak English although they do understand a little. Aina's sister, Esly Syrén, sometimes acted as a translator, but it was difficult. Aina's granddaughter, however, Petra Sohlin, and her fiancee, Peter Westin, speak very good English, since they had learned it in school and they did most of the translating.

Not only did Aina bring me many gifts, typical of Sweden, she even brought me several jars of home-made jam, that she had made in her own kitchen. She also brought the name and address of yet another member of our mutual family - a granddaughter of my grandfather's sister. Since my grandfather's sister had thirteen living children, I now shall have many more Swedish cousins to attempt to find.

Aina and I poured over photo albums and exchanged notes on what we each knew of our grandparents and their families. We talked of her grandchildren and of mine. She taught me a few words of the Swedish language and I tried to teach her some English phrases. Getting acquainted with each other was not difficult. We had a most enjoyable time together.

The visit with my Swedish relatives has ended and they have returned to their homes in Härnösand and Uppsala. To say that this was one of the most important and exciting events in my lifetime is an understatement. From not ever knowing of any Swedish relatives, I now have dozens! And now is the time to begin planning my trip to the land of my forefathers.

Should anyone reading this account be a relative or have information that can be added to my family history, I would certainly be interested in hearing from them. And again, my thoughts go to the late Dr. Vegelius, grateful for all the time and energy he spent on my behalf. It was he who encouraged me to write this account of how I found my Swedish connections.

Researching My Ancestors . . . Froberg, Michigan

Frances Froberg Wooley*

While working on a project for my employer, where I measured distances between dealers and their nearest distribution center, I spent considerable time reading road maps of all the states. This is how I happened to stumble on a town in the State of Michigan named Froberg.

I was very interested because Froberg is my maiden name. I immediately wrote a letter to the postmaster at Froberg requesting information about the town with the same name as mine. It was therefore a real disappointment when my letter was returned to me with the notation that there was no post office at that location.

It wasn't until I became totally involved with trying to locate my ancestors that I again thought about the town of Froberg, Michigan. So, I checked to see in which county Froberg was located and wrote a letter to the county seat, requesting information about Froberg.

Imagine my surprise when I received a reply from people named Froberg. They had been given my inquiry by the Baraga County Historical Society and since they knew the history of Froberg, MI and their name was Froberg, they responded and gave me the following information.

Olof Froberg lived in Sweden and never came to the United States. He had, however, three sons and a daughter, of which two of his sons, Victor and Oscar, emigrated to Minnesota ca. 1890. After about four years Victor returned to Sweden, where he took over the family farm, married and raised a family.

The other son, Oscar,[1] born in Sweden in 1874, worked on railroad construction in several states. In 1906 he came to Michigan, where he married Ida Pauline Soderstrom. They had known each other in Sweden, having lived in the same community. She arrived in America in 1901.

The story, according to one of Oscar's sons, is that the town of Froberg was originally known as Bellaire Siding, having been named after the Bellaire family of that area. When Oscar moved to the Sturgeon River valley in the upper peninsula of Michigan and did some logging, he needed railroad cars to ship out his logs. At times the railroad company set the cars off at another Bellaire in Antrim County, Michigan in the lower peninsula and well over 200 miles from the Frobe
logging site. To correct the problem, the railroad asked Froberg if he wou
mind if they changed the name of Bellaire Siding to Froberg Siding, which th
did. I found this bit of history very interesting and can only thank Edward a
Hazel Froberg of Baraga, MI for sharing it with me. My Swedish grandfat
would have been very pleased and proud to know that there was a town in t
United States that shared the same name as his, even if he had nothing to do w
the naming of it. And up to this point, we have not been able to prove
connection between the Frobergs of Baraga County and those of Berri
County, MI, where my grandfather settled.

DET KOM ETT (två) BREV......

Eftersom red. frågar efter brev från medlemmarna vill jag berätta om kontakter jag fått tack vare släktforskning! Dock inte min egen men i alla fall!

På våren 1992 fick jag ett telefonsamtal från en dam som frågade om jag kände Jonas Fredrik och Johanna Lundin från Åbord. Ja, det är mina farföräldrar svarade jag. Hon som ringde visade sig vara en brorsdotterdotter till min farmor och hon hade släktforskat och hittat bl.a. mitt namn. Hon hette Aina Lindström, bor i Härnösand och berättade att hon funnit en släkting i Amerika. Just den sommaren for hon och hennes familj och hälsade på vår gemensamma släkting som bor i Florida! Jag sände med ett brev till henne och en redogörelse för mitt möte med farmor när jag var vuxen, vad jag vet den enda gång jag träffat henne.

Det visade sig senare att det var Frances Wooley, kusinen i Amerika som släktforskat och hittat svenska släktingar bl. a. Aina Lindström i Härnösand som i sin tur släktforskat och hittat mig! Nu skriver Frances och jag till varandra. Det sker inte utan besvär! Ingen av oss kan den andras språk! Hon skriver på engelska och när hennes brev kommer går jag till en brorson som översätter hennes brev. När jag sen skrivit svar på brevet får jag om igen gå till min brorson som översätter till engelska innan jag sänder det! Trots allt har vi båda glädje av kontakten!

Frances berättade om hur hon sökt kontakter med Sverige och ev. släktingar. Hon hade sänt sin farfars namn och födelsedatum till SAG. (Det vet jag inte vad det betyder) Hon hade så småningom fått svar från dr Jan Vegelius vid Statistiska institutionen vid Uppsala universitet. Han hjälpte henne att söka här i Sverige och hon fick tack vare honom så småningom kontakt med Aina Lindström. Hon säger sig känna stor tacksamhet till dr Vegelius. Hon tycker sig ha funnit "sin" familj i Sverige och är lycklig över de kontakter hon fått!

Frances farfar, Olov Fröberg (som var min farmors bror) var född i Hornö 1856. Han gick till sjöss som 16-åring och kom så småningom till Amerika där han gick iland. Han gifte sig med en norsk flicka och fick 6 barn varav en blev far till Frances. Han dog dock ganska ung så hon hann inte få några syskon och har kanske därför haft behov av att söka släktingar i Sverige.

GR-DAU of OLOF FRIBER'S SISTER, Johanna

Till föreningen kommer det ofta brev på olika adresser.Dessa handlar mest om bekymmer i den enskildes släktforskning. Ofta kan mottagaren lösa problemet själv, men kanske lika ofta får vi lämna brevet till någon som har större kännedom om frågan än vad brevmottagaren kan prestera. Det är vår förhoppning att alla som skiver får ett svar, men vi har ingen dubbelkontroll så att vi vet om överfört uppdrag avslutas. Vi litar på varandra. För några dagar sedan kom ett brev av annat slag. Vår medlem Roger Berg i Stockholm, tel. 08-720 30 60 sänder oss en A3-karta på foton av sina anförvanter som han lagt in i sin dator och arrangerat med nödiga data. Ett mycket stilfullt arbete. Detta prov på modern teknik finns i vår lokal. Priser och adress likaså.

Fam. Berg, 3 gen, kom från Finland, bodde i Bredsätter i Nora. Fam. Svanholm och Berglund i Lövvik resp. Hol i Nora, blev ingifta genom Erik Henrik Berg.

SKA VI VARA MED?.....

Ska vi vara med tekniskt i fortsättningen?

Innan brevet från Roger Berg kom till oss hade vi börjat fundera på om det var av intresse för medlemmarna att föreningen skulle skaffa sig en scanner; en apparat som kan föra in bilder i vår tidning.

Nu finns tekniken, men vi vet inte vad medlemmarna tycker. Tidigare har vi gjort så att vi ber om en liten gåva utöver medlemsavgiften. Storleken av den gåvan ger oss en signal hur ni medlemmar ser på frågan. Svaret kommer att tolkas som *snart* eller *så småningom.*

Inbetalningskortet bifogas denna tidning. Vi har vanan inne av folkomröstningar, så ge oss ditt svar på postgiroblanketten.

God Jul - sedan ses vi i den nya lokalen i vinter.

Fröberg

(från Fröstland).

Denna släkt härstammar från Fröstlands (Fröland) by i Bjärtrå socken i Ångermanland. Äldste med säkerhet kände stamfader var Erich Olofsson, som lefde 1586 och var bonde i Fröstland samt knekt. Han var antagligen son till Olof Nilsson, som lefde 1646, och sonson till Nils, hvilken lefde i början af 1500-talet, bägge dessa jämväl bönder i Fröstland. Erich Olofssons afkomlingar, son efter far, voro Olof Erichsson, som lefde 1620, Johan Olofsson, hvilken lefde 1656, Christier Johansson, som dog omkring 1698, och Erich Christiersson, hvilken var f. 1698 och dog 1779, samtliga dessa också bönder i Fröstland. Af Erich Christierssons barn, 4 söner och 2 döttrar, utflyttade den äldste sonen Christier Erichsson, som kallade sig Fröberg efter födelseorten, till Nyland i Ytterlännäs socken.

Christier Erichsson Fröberg, f. 1727, skeppare, † 1802. G. m. Anna Nilsdotter, f. 1746, † 1822.

Barn:

1. Erich, f. 1769, rådman i Härnösand, kofferdikapten, † 1828.
2. Nicolaus, f. 1771, brädfaktor, † 1828.

Bästa Aina!

Tack för brevet!

Det är blir en bra tidning när Ni medlemmar bidrar med era rön.

Jag har tittat lite närmare på "Din släkting" Olof Fröberg, eftersom jag råkade ha tillgång till Nora-kyrkoböcker, och hittat följande:

DET KOM ETT (två) BREV......

Eftersom red. frågar efter brev från medlemmarna vill jag berätta om kontakter jag fått tack vare släktforskning! Dock inte min egen men i alla fall!

På våren 1992 fick jag ett telefonsamtal från en dam som frågade om jag kände Jonas Fredrik och Johanna Lundin från Åbord. Ja, det är mina farföräldrar svarade jag. Hon som ringde visade sig vara en brorsdotterdotter till min farmor och hon hade släktforskat och hittat bl.a. mitt namn. Hon hette Aina Lindström, bor i Härnösand och berättade att hon funnit en släkting i Amerika. Just den sommaren for hon och hennes familj och hälsade på vår gemensamma släkting som bor i Florida! Jag sände med ett brev till henne och en redogörelse för mitt möte med farmor när jag var vuxen, vad jag vet den enda gång jag träffat henne.

Det visade sig senare att det var Frances Wooley, kusinen i Amerika som släktforskat och hittat svenska släktingar bl. a. Aina Lindström i Härnösand som i sin tur släktforskat och hittat mig! Nu skriver Frances och jag till varandra. Det sker inte utan besvär! Ingen av oss kan den andras språk! Hon skriver på engelska och när hennes brev kommer går jag till en brorson som översätter hennes brev. När jag sen skrivit svar på brevet får jag om igen gå till min brorson som översätter till engelska innan jag sänder det! Trots allt har vi båda glädje av kontakten!

Frances berättade om hur hon sökt kontakter med Sverige och ev. släktingar. Hon hade sänt sin farfars namn och födelsedatum till SAG. (Det vet jag inte vad det betyder) Hon hade så småningom fått svar från dr Jan Vegelius vid Statistiska institutionen vid Uppsala universitet. Han hjälpte henne att söka här i Sverige och hon fick tack vare honom så småningom kontakt med Aina Lindström. Hon säger sig känna stor tacksamhet till dr Vegelius. Hon tycker sig ha funnit ''sin'' familj i Sverige och är lycklig över de kontakter hon fått!

Frances farfar, Olov Fröberg (som var min farmors bror) var född i Hornö 1856. Han gick till sjöss som 16-åring och kom så småningom till Amerika där han gick iland. Han gifte sig med en norsk flicka och fick 6 barn varav en blev far till Frances. Han dog dock ganska ung så hon hann inte få några syskon och har kanske därför haft behov av att söka släktingar i Sverige.

Till föreningen kommer det ofta brev på olika adresser.Dessa handlar mest om bekymmer i den enskildes släktforskning. Ofta kan mottagaren lösa problemet själv, men kanske lika ofta får vi lämna brevet till någon som har större kännedom om frågan än vad brevmottagaren kan prestera. Det är vår förhoppning att alla som skiver får ett svar, men vi har ingen dubbelkontroll så att vi vet om överfört uppdrag avslutas. Vi litar på varandra. För några dagar sedan kom ett brev av annat slag. Vår medlem Roger Berg i Stockholm, tel. 08-720 30 60 sänder oss en A3-karta på foton av sina anförvanter som han lagt in i sin dator och arrangerat med nödiga data. Ett mycket stilfullt arbete. Detta prov på modern teknik finns i vår lokal. Priser och adress likaså.

Fam. Berg, 3 gen, kom från Finland, bodde i Bredsätter i Nora. Fam. Svanholm och Berglund i Lövvik resp. Hol i Nora, blev ingifta genom Erik Henrik Berg.

SKA VI VARA MED?.....

Ska vi vara med tekniskt i fortsättningen?

Innan brevet från Roger Berg kom till oss hade vi börjat fundera på om det var av intresse för medlemmarna att föreningen skulle skaffa sig en scanner; en apparat som kan föra in bilder i vår tidning.

Nu finns tekniken, men vi vet inte vad medlemmarna tycker. Tidigare har vi gjort så att vi ber om en liten gåva utöver medlemsavgiften. Storleken av den gåvan ger oss en signal hur ni medlemmar ser på frågan. Svaret kommer att tolkas som *snart* eller *så småningom.*

Inbetalningskortet bifogas denna tidning. Vi har vanan inte av folkomröstningar, så ge oss ditt svar på postgiroblanketten.

God Jul - sedan ses vi i den nya lokalen i vinter.

MIN HEMBYGD

(MY BIRTH PLACE AND SURROUNDING AREA)

The province of Ångermanland in the northern part of Sweden is beautiful country with a mixture of woodlands, rolling hills, small mountains, lakes and streams and bordering on the Gulf of Bothnia. The farms are mostly small ones with sheep and goats being the main animals. The other main industries are fishing and lumbering.

One of the largest cities and educational centers in the province is Harnösand. There are many other small villages scattered throughout the area.

It was to the small village of Salteå that my father, Anders Nilsson came in 1878. He was born in Nysund, a small village near Orebrö in the province of Vestergotland in Central Sweden, the son of Nils ~~Stöt~~ Spahr. He had two older brothers and two younger sisters. Being a tanner by occupation, he came up north where the sheep, goats and other animals were plentiful for which to get the hides and skins to make leather.

My mother was the sixth of ten children born to Per and Anna (Nils dotter) Olofsson. The three oldest were girls and then two boys were born, both of whom died in childhood. Lastly were two more brothers. The two brothers later came to America and settled here.

My father and mother were married in 1879 and in January 1880 my father bought a piece of land bordering Storjoen (Big Lake) near Salteå. My Morfar (grandfather, Per Olofsson) was a carpenter and helped my father to build his home and workshop for his tanning business. The house was a typical Swedish home - two story wood frame house painted red with white trim. It had two bedrooms upstairs and a kitchen and combination living room and bedroom downstairs. It was in this house that all of us seven children were born. My

a

grandfather also helped to make some of the furniture and a chair and the cradle that we children all slept in is still in that home. My father used the cellar for his vats where he soaked the leather before it was finished.

A small stream flowed behind the house and emptied into the lake. The tanning shop is to the side of the house. These two buildings are still there and are listed in the Historical register.

I was the sixth of seven children and was only three years old at the time of my mother's death. My father died two years later in 1895. My sister, Ida, was the oldest and fifteen years old at the time. Then it was my brother, Frank, then sisters Regina, Mimmi, and Albertina, myself and then brother John who was only a year old.

My memories of my mother are vague except I remember that both she and Dad were very kind people. One thing that stands out about my father was when he would go to town for groceries, he would bring back some raisins which was like candy today. The kitchen floor would be spotlessly clean and he would toss them into the air a small way and they would fall in a small area and we would pick them up and eat them.

MY EDUCATION AND WORK IN SWEDEN

After my parents had died we were put into homes of different relatives and friends. We were never again to be together as a family. Ida who was fifteen years old and I went to live with my Morfar (grandfather Per Olsson). His wife was dead so Ida kept house for him and took care of me. Morfar or Grandfather Olsson lived in a small village of Grotom not far from Salteå and in the same parish as Salteå. This was the Nora parish in Torrom and on another part of Storjoen. Regina went to live with a family named Karlström in Salom Saloni and John went to Mädan Medan in Nordingra. I do not know where the others went.

~~GRANDFATHER~~

x Morfar Olsson was a very devout man and would walk to church every Sunday that the weather permitted since he did not have a horse at this time. He would take my by the hand and we would walk along together. I lived with him for about three years until I was old enough to go to school.

When I was eight years old I went to live with Morfar's brother, Jonas Sandlund, and his wife, Britta. They had a bachelor son Peter and a maiden daughter Beda who also lived with them. Soon after I came to live with them Britta became seriously ill. For the first time I had a chance to talk with the mysterious man who was called about the last day of my aunt's life to save her. He was expected to do great things. Doctors were regarded as supermen in those days and it was the admiration of this mystic man that aroused a more than ordinary curiosity - an ambition to become a doctor. Similar later experiences served to fix the early impression even more. The desire to reach this distant goal was one thing; the means quite another. At least a stimulus to a definite action had been made by this old genial, corpulant country doctor. The quest for a new objective had been started.

It was to the village of Lövik Lofvik, that I came to live with mu Uncle Jonas and Aunt Britta. Now that she was gone their daughter Beda carried on the household chores and took care of Uncle Jonas, her brother Peter and of me. Some years later she died of Tuberculosis. This was not until ~~some years~~ after I left them though.

The school that I went to was in the forrest and our teacher was Fru Hilda Ohman who had three children of her own in school at the time. We were over thirty pupils in a one room school house. Fru Ohman and her family lived in part of the school building which was very convenient for her to take care of her school duties and watch over her family at the same time. Besides the secular studies which were taught, we had classes in basic religion according to Luther. It was here that I finished my grade school education in Sweden.

Uncle Jonas farm was up a long lane from the road. Behind the house and down the hill was a lake. There was also a summer kithhen near the house that was used for canning and baking in the summer to keep the house from getting to hot. One Sunday when the rest of the family had gone to church, a friend and I went into the summer kitchen with some gun powder and set fire to the powder. It exploded and blew out some od the windows. We were plenty frightened as we realized what we had done was dangerous. My Uncle seeing that we had learned our lesson did not spank us foe which we were relieved/.

Another incident which I remember so well was when we went to the Julotta Service, which is the early Christmas morning service in Sweden. We would bundle up warm and get into the sleigh which was pulled by a horse with bells on and you could hear the sound of bells as you glided across the snow anf ice. It was such fun and we would meet the other sleighs with their bells jingling and see the lighta from the lanterns as it was still dark out. Also there would be lights in the farm houses from the candles burning in them. Every Swedish home had a candle glowing in their windows on Christmas morning. This one time in particular, a pack o f hungry wolves came out of the woods near by and went straight for the horse. Uncle Jonas had a club in the sleigh and beat the wolves with it untill they ran into the forrest again.

We would sometimes have to go across the ice on the lakes to get to church or where ever we were going. They had a row of small spruce trees in the area

where it was safe to go. It was a beautiful sight as we neared the church and saw all the candles in the church windows and met our neighbors. We would put our horses in the small stables or sheds for them to eat and rest while we were inthe church. The men would gather on one side and the ladies on the other side. Everybody went to church on Christmas morning and on Easter even if they didn't go any other time. The Julotta Service was at six o'clock in the morning , so everyone was up early.

Another thing I enjoyed so much was going with Uncle Jonas to the Gulf Of Bothnia on fishing trips for mostly herring and salmon. We would go in a groupwith some of the other men and young boys and stay in cabins on the islands over night. In the evening we would row or sail to the islands and put out the nets and in the morning we would gather them in and bring them back to shore on the mainland. The fish would then be cleaned and the nets would be hung out to dry or be repaired if necessary. We would stay out for several days at a time. It was like a vacation for us boys but a very necessary part of life for the men as they lived as much on fish as on other food. Some days the ladies would come and cook the meals for us and help clean the fish. The fish would then be smoked or salted and prepared for use later in the winter. Many of these men were fisherman by trade and they would then take their fish to the markets and sell them. The others would catch only what they would use for their own food. It was fun to hear these men tell stories as they were fishing or relaxing in their cabins at night while they would be chewing on their tobacco.

Another chore that was done on the farm was the cutting of the trees for timmer lumber or for fuel. The lumber would be used for buildings on their farms or to sell to the lumber companies.

I also had to help milk the cows though this was usually done by the women. It was a job I lovade vowed I would never do as a career as it was not one of my favorite chores. However, I did like the sound of the mikk as it hit the bucket. I can still smell the cows and the barn as we got ready to milk.

OUT IN THE WORK FORCE

When I finished school, I went to live with and work for a local merchant in Lofvik. He had a wife and several children and his name was Nils Peter Edholm. After I had been with him a few months, he disappeared suddenly one night. He was heavily in debt and some people thought that he may have taken off for America. The creditors took over the store and that was the end of my job.

I then went to work for a man who had a travel station similar to our motels. Traveling salesmen would usually come and stay in these places. I was what they called a "skjutpojke" or "post boy". I would attend the horses used by the traveling salesman. I would also get them ready for the salesmen before they left for their next trip. Sometimes I would drive them to the merchants to whom they would sell their wares. The owner of this station and my boss was a man named E. O. Honell and the place was Homö Hornan. Mr. Honell was a man who liked his drinks but he would be mean when he had too much to drink. It was during one of these drinking sprees and while he was rather unkind to me that another man saw what was going on and asked me to come and work for him and live with him and his family in Torrom. This man was Erik Nordlund (no relation to my uncle Peter Nordlund with whom I went to live with in America). He had a wife and two children. His wifes name was Amanda, his son was Allan , the eldest and Agda the daughter was a couple months younger than me.. I was treated like one of the family and the work was similar to what I did for Me Honell. The Nordlunds also had a travel station. Living with the Nordlunds was very pleasant and we had many good times there. Both Allan and Agda were musically talented and often in the evenings we would gather on the porch or in hte parlor and either Allen would play his drag spiel (accordian) or Agda would play the piano or they would have duets.

Mr. Nordlund was a very kind man and he had taken a liking to me. He offered to pay my way through the University of Upsalla if I wanted to go. Also, to the gymnasium school in Harnösand which was similar to our high schools. It was while I was working for Mr. Nordlund that I sold pictures of King Oscar II for

the department store al Ahlen and Holm. Later, a few years ago while in Stockholm I told this to one of the clerks in the store and he took me up to meet the Vice-President of the store.

It was while I was living with the Nordlunds that I went to confirmation in the Nora church. My teacher was as assistant for the regular Pastor. His name was David Petander and he came from a wealthy family in the southern part of Sweden. They disinherited him when he decided to go into the ministry. I was very impressed with the genuineness äkthet and sincerity uppriktighet of this young man who had given up all to "follow Jesus". He later became a traveling Evangelist going all over Sweden to preach the Gospel.

I lived with the Erik Nordlunds until I entered school in the fall of 1905. This school was the gymnasium school or it would have been high school here in America. I lived with a maiden Lady in Harnösand near the school. Her name was Miss Treffenberg. It was while I was there that I got a letter from my sister Regina, who had gone to America to live and she wanted me to come to America and go to school there. She felt the opportunities in America were greater than in Sweden at that time. Sweden was going through an industrial, cultural, and religious revolution at that time and many people were leaving for America. Besides jobs were hard to get. Regina would send me money for the trip over and I would live with my uncle Peter Nordlund who lived in Menominee, Michigan. This was also where Regina worked and lived.. She was a live -in maid for a wealthy family in Menominee. Many of the single girls that came over from Sweden did this kind of work as it gave them room, board, and a fairly good salary besides. The people liked to have the Swedish girls as most of them were good workers.

About this same time that I recieved Regina's letter, I got a visit from my confirmation teacher, David Petander encouraging uppmuntra me to pursue the idea of going into the seminary at Upsala (Fjellstedska Skolan). I now had two choices: to go to America and pursue my studies there or to go to Upsala after I had finished school in Harnosand. America sounded more adventurous so I chose Amercia.

SCHOOL IN HARNOSAND. AMERICA SOUNDED MORE ADVENTUROUS SO I CHOSE AMERICA

LEAVING FOR AMERICA

On December 9, 1905 I left Harnosand with a small carpet bag containing all of my worldly goods in it. It had my clothing, a small Psalm Book, and my confirmation Bible in it. That was the extent of my belongings besides my tickets to America and a few extra dollars. I left by train for Gothenberg where I would get on the boat for America the next day. I first got a boat to Hull and Liverpool, England where I would transfer to a big ship to the U.S.A.

As I boarded the boat for the new land my mind was flooded with the memories of the loved ones I was leaving behind: of dear old Morfar GRAND FATHER who had been so kind to us all, of Uncle Jonas Sandlund and his family who had taken me in while I went to grade school, of the Erik Nordlund family who had been loke family to me, of my sisters Ida, Mimmi and Tina and brothers Frank and John. Would I ever see any of their dear faces again? My mind went back to my homeland and memories of sking in the winter, the sound of the skies and the snowshoes as we glided across the glistening snow: the sound of the wind in the woods and the shimmering birches; the sound of the larks and other birds singing and the berry picking in the summer time; the strawberries, raspberries, blueberries, lingenberries and the cloudberries that grew in the swamps there. Then the whistle blew and the excitement of what lay ahead crowded out the homesickness. Now on to a new land and new adventure.

Dear Mrs Francis

Thanks för your letter. It will be pleasant if I can help you with some genalogy and see if we are relatives.

There is no problem to communiate in English because I have a daughter who translates and writes för me. PETRA

To talk about Olof Fröberg we must bring into order if the date of birth is right.
The man Olof Fröberg that I found was born 3rd of September 1856 and he went to sea 21st of August 1872. He was 16 years when he left his nativeplace. He also had a brother who was born 4th of April 1849. This brothers name was Israel and he went to sea 9th of April 1870. A sister, her name was Johanna, was born 10th of June 1854 and she lived in Sweden.
Olofs mother died 1st of January 1876. His father got married again 1877. He and his new wife got a son, his name was Anders Gustaf Fröberg, who was my grandfather.
It implys that if the date of birth which I found, in the church-registers, is the right then should your grandfather be a half brother to my grandfather (my moters father).

You can also control this at the Emigrant Institutes in the States.

I am greatful to have copies of your grandmothers postcards if there are more of them. I would like to know who this Hanna Fröberg is who has sign some of the cards from Härnösand where I live.

I'm married and have a daughter who lives in Stockholm. I've got two grandchildren, here in town, two dogs and lives in the countryside about six km from Härnösand.
I have two sisters and two brothers. My mother and father and one sister are deceased.

Dear Frances!

Thank's for your letter. I also think that it's pleasant to have contact with you and USA.

I've got the answer from the Immigrant Institute in Växsjö. The informations are almost the same exept the date of birth. That's because of the indistinct figures in the old books.
There are also informations about Olof that he worked as an active Christian and served different churches (parishes), both Swedish and English spoken, and he was called pastor Fröberg. I think you know if it should be vicar, parson minister or pastor. In Sweden is all the same.

You wanted to know where your grandfather was born aso. and I've written it down. I've also written his brothers and sisters and his parents.

From These Lundins are only grand grand children left and when all the elder are dead is it difficult to get any info. I've had contact with some of them but no results.
I hope something of this could help you.

When Olof's father married he moved to a village called Hornö. Olof's mother was born there. It's about 40 km north from Härnösand. All the children are born there.

My grandmother had five brothers(3) and sisters(2) who emmigrate to USA.
When my daughter was here for a visit last week she reed some old letters from USA written to my grandparents. In one of the letters, date 5 May 1907, my grandmothers sister Tina (Albertina) Nelson wrote that Olof should come on a visit. Tina lived in that time in Menominee MI.

It means that your grandfather knew about my relatives on my grandmothers side, and who lived in USA.

If you like I can give you som adresses to those relatives. They are gite many.
I have a photo of my grandmother and grandfather which I'm going to take a picture of and send to you.

The photo in this letter is from a relative-meeting this August with brothers, sister children to us and grand children.

everything is very hard to find.

About Israel I can't give you anything but Ann-Marie is going to search in Sth. I have tryed in Gothenburg with the Sea museum and in Växsjö with the emigrants but no results.

I think you got the dates once and mybee you can find something at the Mormon library. The Mormon library is the biggest in the world. They should have everything because I know that they have a big centre underground in USA. They have also fotographed the Swedish church books to microfilm.

The enclosure contains the date you need. My grandfather Gustaf had more halfsisters and brothers after him but that is of no importance.

Olof and Olofs father was born Springare in Själand in Säbrå presumably they lived in Fröland on that account the name Fröberg. They changed presumably name when they moved to Fröland. It was usually in Sweden at that time.

Johanna married Lundin 1877 and got, as you can see at the certificate, many children (13). Probably she got 16.

everything is very much appreciated

Dear unknown relative !

When our common relative, Aina Lindström in Härnösand, (which I did not know of) called me one day and told me about our relationship, she made me think! My oldest brothers granddaughter asked me last year that I would write down "my memoirs" as she put it. I thought memoirs was a far too big word so I prefer to call my memories Recollections!

When I already for her account have written down the memory I have from the only meeting I had with my grandmother, Johanna Lundin, born Fröberg, I will write it down to you.
I have not seen anywhere how many brothers or sisters grandma had, but obviously my father has gotten his second name from one of her brothers, my fathers name was August Israel. Aina knew about at least two of my grandmothers brothers, Israel and Olof. The last one is your forefather. Here is my memory of my grandmother:

1934 Thure, my husband, and I celebrated Midsummer Eve on Åbord with four good friends. We were sleeping in the SGU-cabbin but on midsummerday we went wisiting my sister Linnea by the Lövgrens and from there we went to grandpas. When we came there grandpa sath on the couch. I curts and said hello and tried to explain who I was but I did not succed.

"Who is this then" said he to aunt Karin. "Aina, Augustes" said she and that was enough for him. Grandma sat dressed in bed, small and weak. We talked to each other as it came along. Grandmother said at one accasion:

"Before there were always someone fishing, but that ended. It was so good with fresch fish." Then grandpa said: "if someone want's a fish he'll have to buy a net and place it in the water" and with emphasis: "I'm so sick of small-perch"! It was a little bit laughable when grandpa said like that. I thought of that small weak, feeble grandmother it that situation, in a rowing-boat on Ångermanälven, putting out a fishing-net. It sure sounded bad and someone could have gone out picking some small-perch

now and then.
Not far from grandfathers house uncle Axel and uncle Kalle with their families.
That time Thure and I went by motorboat with uncle Kalle back to where we came from. We were suppose to return home with "Turisten" from the landing-stage. Later someone told me, it could have been my sister Helga, that grandma had fished like that often while she had the strength. Maybe it was her way of get a piece of privacy.

(The things that "grandma" and "grandpa" have said in the text above is dialect so I have translate it as good as possible.)

Grandmother was born the 10th 1854 and was at this time just celebrating her 80th birthday. She had gave birth to 13 children which 10 of them are grown up. She had never own any means of assistence, any sewing-machine or anything else which could have done the home- and housework easier. She was supposed to knit and sew by hand what was needing. You can imagine that children early must learn to help and you can understand that not all socks

were whole and all trousers patched.
Gramma had many baby-beds.

Albin was born on christmasday 1875 (it says in the church-book that he is illegitimate) then Alfred was born in 1877, Beda 1878, Johan 1879 and August 23th 1880.
Then came Anna in february 1882, Augosta in June 1884 and Axel in february 1886.
Then it's noted Alma Katarina twice, the first 12-4-1888 dead 21-10. The other 11-10-1889 dead 12-12. She who was born in the spring lived over summer while she born in October lasted only 2 months.
But Hilma Katarina, aunt Karin, born 5th November 1890 had strength and lived and so did Kalle born 31-12-1891.
The 13th, Bror Knut, who was born in February 1893 lived only during summer.
I don't know if his name was symbolic, if grandma succeeded to stop birthing any more children.
1893 she was "only" 39 years old!

The moment on Midsummerday 1934 is the only memory I have from both grandmother and grandfather. I wish there

5 would have been more moments! To know something about her life as young in the 1860-70th. How was it then? I don't think that grandmothers life on Åbord was very different than her mothers in Säbrå, maybe in the number of babybeds.

The development in home and housework area was slow. Not much had happened before first worldwar.
Maybe treadle sewing-machines excisted before but it took a while before all could buy one.
I bought a sew-machine on instalment in 1932. A Singer machine costed 320 Swedish crowns and 10 Sw. crowns per month in instalment. My salery was 40 Sw. cr./month plus free food and room. As a weitress on Lübecks café you had to wear decent cloths....

I got a memory of grandfather from John Wedins mother by that time. She was a friend of my mother in law and grandfathers niece.
When she realiced we were related she told me that when the young people danced in her days it was very fun to dance with him. He was big and strong

and held the girls in the sky when it was hambo! The lady became red on her cheeks and giggled when she remembered.

Of course there is alot you can think about. I think of Karin and Augusta, the aunts on Åbord who stayed home and took care of their parents as long as they lived. When Thure and I was there only Karin was home, who natually without behaviour took as a duty to stay with her parents.
When grandpa didn't cultivate the land anymore Augusta had taken employment at a widower in Ramvik.
I have seen that grandpa died 1941.
That means he was 91 years old and aunt Karin 51 years old.
Then she had used all years to take care of her parents instead of arrange for herselves.
We didn't have much contact but I heard aunt Karin moved to Härnösand and works in a bakery, Flodins bakery,

How the grandparents economy were I don't know. If grandfather had any savings I don't know either.

I don't think aunt Karin had any salery except food and room. When she was 51 years old she had to start working and earn money.

Except from the croft on Åbord grandpa had a small brick-works on an islet called Kuba. How it went I did not remembered to find out. I guess my brother August would have known something about it. I heard that the cooking at the brick was simpel. You cooked gruel called "Kubagruel"!

To return to the aunts, they every summer during the later part of the 20th, did a trip to Kramfors. One Sunday every summer they came with "Strömkarlen", dressed in white dresses and hats, new white shoes and the best of moods. They came like fresh air from a life which did not seemed to have any problems. I have later understand that this day was their vacation and it had to be nice! Once August had arranged so that the aunts could come on Saturdayeve and be in a gang and go to a dance somewhere. They talked about that for a long time!

When I think about it it was not only father who was an art of life! Also his sisters and brothers had the gift of having an easy mood and the power of taken care of the small subjects of rejoicing in life!

Aunt Beda ended up in Uddevalla. She and her husbend came visiting once.
Aunt Anna was married with a barber and lived in Kristinehamn. We never met her husbend. When she became a widow she moved to Ramvik, nearby my home.
I am afraid I don't have anything else to tell about grandmother! I know we had a picture of her at home. My youngest sister saved the old pictures but she don't know who's on them.
I will see if I can remember how she looked. All I know is that the picture doesn't look like the old lady I met 1934!

—o—

26 February 1992
I have now seen the pictures my sister Gun took care of when her mother, my stepmother, died in 1971. I did not find the picture there.

I remembered seeing it in a red album but it's no longer there, it must have been droped in someone of my dads movings! If I, don't think so, would catch a picture of her in the future, I be glad to give it to you.

I can't speak your launguage and you can't mine! I ended the 6 year of elementary school as a twelve year old in 1925. We didnot read no foreign lauguages in the ordinary school. But if you would like to write to me sometime there are younger people here who can speak the language.

with love

GRAND DAU. of
OLOF FROBERGS
SISTER

Dear Frances!

Thank's for your letter. I also think that it's pleasant to have contact with you and USA.

I've got the answer from the Immigrant Institute in Väksjö. The informations are almost the same exept the date of birth. That's because of the indistinct figures in the old books.
There are also informations about Olof that he worked as an active Christian and served different churches (parishes), both Swedish and English spoken, and he was called pastor Fröberg. I think you know if it should be vicar, parson minister or pastor. In Sweden is all the same.

You wanted to know where your grandfather was born aso. and I've written it down. I've also written his brothers and sisters and his parents.

Daughter: Lovisa } d. 24/7 and 26/7 1879

When Olof's father married he moved to a village called Hornö. Olof's mother was born there. It's about 40 km north from Härnösand. All the children are born there.

My grandmother had five brothers(3) and sisters(2) who emmigrate to USA.
When my daughter was here for a visit last week she reed some old letters from USA written to my grandparents. In one of the letters, date 5 May 1907, my grandmothers sister Tina (Albertina) Nelson wrote that Olof should come on a visit. Tina lived in that time in Menominee MI.

It means that your grandfather knew about my relatives on my grandmothers side, and who lived in USA.

If you like I can give you som adresses to those relatives. They are qite many.
I have a photo of my grandmother and grandfather which I'm going to take a picture of and send to you.

The photo in this letter is from a relative-meeting this August with brothers, sister children to us and grand children.

MINOR'S AFFIDAVIT FOR NATURALIZATION. THE J. M. W. JONES STATIONERY AND PRINTING CO., CHICAGO, ILL.

State of Illinois, } ss. Of the OCTOBER Term of the Criminal Court of Cook County, in said County and State, in the
COOK COUNTY,
year of our Lord one thousand eight hundred and ninety six

In the matter of the Naturalization of Olof Froberg an alien.

To the Honorable Theodore Brentano. Judge of the Superior Court of Cook County, and ex-officio Judge of the Criminal Court of Cook County:

Your Petitioner Olof Froberg an alien, free person, a native of Sweden respectfully represents unto your Honor, that he arrived in the United States a minor, under the age of twenty-one; that he resided in the United States for three years preceding his arrival at the age of twenty-one years; that he has continued to reside therein to the time of his making this, his application to be admitted a citizen thereof; that he has arrived at the age of twenty-one years; that he has resided in the United States five years and upwards, to-wit for the term of Twenty three years, including the three years of his minority, and in the State of Illinois for sixteen years; that it is *bona fide* his intention to become a citizen of the United States, and renounce forever all allegiance and fidelity to every Foreign Prince, Potentate, State or Sovereignty, whatever, and particularly the allegiance and fidelity which he in any wise owes to King of Sweden and Norway whereof he was heretofore a citizen or subject, and for three years next preceding it has been *bona fide* his intention to become a citizen of the United States.

POSTAL CARD COLLECTION
by Frances (Froberg) Wooley
3 May 2001

This collection was given to me by my grandmother, Helene (Anderson) Froberg when I was very young. At that time, had no idea of the value. It was contained in a photograph albumn. However, for purposes of organizing the cards and to protect them, they are now in plastic covers and arranged according to date where possible to establish a chronology of the family. Many of the cards are written in Swedish and Norwegian and are from relatives in those countries. Others are from relatives and friends in Chicago and some of them are written in Swedish. Often one family would simply address cards to another famiily and enclose them all in one envelope, hence the absence of street addresses and postage stamps.

When the Frobergs arrived in Chicago (Cook) Illinois from their respective omes in Sweden and Norway, and after their marriage there in 1880, they resided in 1905 and 1906 at 2450 W. Ontario St. in Chicago.

Their first home after moving to Benton Harbor (Berrien) Michigan in 1907 was 131 Broadway, Benton Harbor (Berrien) MI.

Also in 1907, mother Helene was in Chicago living at the home of her daughter and son-in-law, Anna and Al Von Sar. Youngest son, William was with her and in March 1908 wrote a card to his brother, Arthur, at the Brunson Ave. address where they had moved by December 1907. The address there was: 173 Brunson Ave., Benton Harbor. By October 1908, they had moved to 149 Heck Ct., Benton Harbor.

Fourteenth of August, 1909, Helene was at 6214 Michigan St., Chicago, with the Von Sars. (Note: Daughter Violet Von Sar was born in August before 11th day.)

In October 1910, the Von Sars traveled by train to California and on way, mailed cards from Cheyenne, Wyoming. They arrived in San Francisco and took up residence in Oakland at 1632 8th St.

Helene traveled to Oakland in the fall of 1911 and stayed until about May 1912 when she returned to Michigan. She received cards there at Christmas time and for the New Year. It appears that she did not travel to California with the Von Sars. On 26 September 1911, youngest son William (age 12) wrote a card to his brother, David at the Heck Ct. address from Laramie, Wyoming. In October 1911, son David (then 19 years of age) and on his way to California, sent a card to his father at 146 Washington St., Benton Harbor from Kansas City, Missouri In April 1912, they were living at this Washington St. address. Cannot tell if any of the other children accompanied Helene to California. Her husband, Olof, did not go.

733

At the time of the marriage of my parents in 1918, the Froberg family resided on Colfax Avenue, Benton Harbor, ~~address unknown~~. My mother commented on the fact that she could look out over the St. Joseph River and see St. Joseph where her relatives lived.

1992

Springtime 1992 I got a phonecall from a lady who asked if I knew Jonas Fredrik och Johanna Lundin from Åbord. I aswered yes they are my grandparents on my fathers side. The lady who called was a brothers daughters daughter to my grandmother (on fathers side) and she had done some relative reserch and found my name. Her name was Aina Lindström and she lives in Härnösand. She told me that she had found relatives in US. That summer she and her family went to Florida to visit our relatives. I sent a letter to her in which I told her about my meeting, as an adault, with my granmother, the one and only as far I know.

From the beginning it was Frances Froberg Wooley, the cousin from US who had done some reserch and found Aina Lindström in Härnösand and she found me. Frances and I write to each other now. Not without trouble. None of us can each others language. She writes in English and when her letter arrives I go to a brothers son who translates it for me. Then I write the answer and he translates it to English. We do enjoy the contact.

Frances told me how she tried to get some contact with Sweden and relatives. She had sent her grandfathers name and dates to SAG. She finally got an answer from Dr Jan Vegeslius Statistic Institution at Uppsala University. He helped her to reserch here in Sweden and she got contact with Aina Lindström. She says she is very grateful to Dr Vigelius. She thinks she has found ´´her´´ family in Sweden and she is happy for the contcts she has got.

Frances grandfather, Olof Fröberg who was my grandmothers brother (on my fathers side) was born in Hornö 1856. He went to sea as a 16 years old boy and came to US where he stayed. He married a girl from Norway. They got six children and one of them was Frances father. He died quite young so Frances doesn´´t have any sisters and brothers.

Aina Nyberg Kramfors

This is a translation from Aina Nybergs letter to Ådalens Släktforskarförening.
The address is: Limstagatan 13C 872 31 KRAMFORS

The papers you got from Aina Nyberg has the correct spelling, as you don´t have the spots on åäö.
People during this time died very young because of diseases, hard work, they vere very poor, not enough food aso.
Bonde is a farmer. Normally they had a horse, a cow, a pig, a hen and a small area to farm.
If you have two dates (1796-1875) the first i birth the second is death.
Hornon is Härnön. Härnösand center is on an island and has always been.
Horno is Hornö where Gustav Fröberg lived. These two places are totally different.
Hornö is about 30km northeast.
Smittkoppor is smallpox.
About Cajsa Greta: Cajsa Greta had five children born out of wedlock. Four of them died only a few months old. The son Hans August was born 1859-06-17 and went to sea 1896-09-28.
Israel Fröberg married Johanna Katarina Nylander from Härnösand. They called her Hanna. They didn´t got any children. When Israel died Hanna moved to Gustav and Ida Fröberg for a couple of years. Then she went back to Härnösand.
Hernösand is an old spelling.

Glad to hear you're exciting about the reunion. I don't know how many people are coming but I sent out around 24 invites. The Kiwanis park has a shelter with enough tables to seat 80. It's first come first serve. That is why I put the reunion earlier in the day. We can get there early to save it and there are plenty of tables if we need to share. The shelter is next to a playground. I hope everything works out with your mom! I've had a few people ask me about her. Yes I live in bloomington. I moved to indianapolis 8 years ago and just moved to bloomington for my husbands job a few months ago. I will be bringing drinks and plasticware. You just need to bring a dish. Thanks for all your help.

Too far for Mom to be able to ride. My Mom is your grandfather's aunt.

It's first come first serve. That is why I put the reunion earlier in the day. We can get there early to save it and there are plenty of tables if we need to share. The shelter is next to a playground. I hope everything works out with your mom! I've had a few people ask me about her. Yes I live in bloomington. I moved to indianapolis 8 years ago and just moved to bloomington for my husbands job a few months ago. I will be bringing drinks and plasticware. You just need to bring a dish. Thanks for all your help.

My mother just turned 90 & is not doing well. We are trying to find a care giver we can pay to stay with her for that day. My family is near Kalamazoo, MI which is an hour's drive from StJo. Too far for Mom to be able to ride. My Mom is your grandfather's aunt.

Dear Madam,

I am happy to inform you that I have found your grandmother - Helene, born June 24, baptized in the church of Sarpsborg July 28, 1860 as the daughter of the worker Anders Andersen Opsund and his wife, Marie Helvig Andersdatter.

The baptism is noted on page 37 in the first parish register of Sarpsborg.

If you want me to do further genealogical investigations for you, I advice you to let me work for e.g. US $ 90 (6 hours). But in case, just tell me, do not forward any money. It will take about three months till I can do the research.

Yours truly

Terje Gudbrandson

Ref. No. 623/89.

Dear Mrs. Frances Froberg Wooley.

Thank you very much for your letter.

At the time Helene was born very often people took their farm's name as surname. In the beginning I thought that Opsund would be the farm where the family lived, but then I looked up the Norwegian census of 1865 for Sarpsborg and found that in this case Opsund is the name of the steet where the family lived. I suppose that in the church records the name should have been written like this: Anders Andersen, Opsund, because Opsund in this case was the address.

In this census of 1865 I found the following people living in this house:
1816– Anders Andersen - log driver- aged 49- born in Tune parish
1816– Marie Helvig Andersdatter -his wife- aged 49 -born in Tune parish
1846– Anton Andersen -their son- aged 18 - unmarried
1844 Mathea Andersdatter -their daughter - aged 21 -unmarried
1850 Maren Kristine Andersdatter -their daughter- aged 15
1860– Helene Andersdatter -their daughter- aged 5
The children were all born in Sarpsborg.

TUNE parish

I have searched for Helene Andersdatter or Andersen in the emigration records from Christiania (now called Oslo) from 1878 til Sept. 1880 without finding her. If you know approximately when she left I could try again.

Enclosed you will find a copy of an article about Norwegian names.

Please send us a check on $25 for our fee.

Sincerely,
Ragnhild Bergesen

Dear Mrs. Wooley:

Thank you for your letter of October 10th asking about the parents of Helene. You have specifically asked about "actual birth records". The Lutheran church served as the official record keeper in Norway until the 1920's, so the Sarpsborg church records would be considered official.

We have turned again to the Sarpsborg church records where we find the confirmation on January 16, 1876 of Helene, daughter of Anders Adnersen Opsund and Marie Hedvig Andersdatter. Since the information on both the baptismal record and confirmation record indicated that her parents were Anders Andersen and Marie Andersdatter, there is no question that these are her actual parents.

We have many of the Sarpsborg church records in our collection, but not the death records after 1865. We could order these records for $ 15.00. You might consider a donation to help us purchase these missing records.

We have an extensive listing of the emigrants from Sarpsborg, but have not spotted Helene. In the passport records of 1872 we find a possibility for Helene emigrating from the nearby community of Skjeberg:

> Helene Andersen, age 12 1/2 from Skjeberg
> traveling to Chicago on the ship "Scotia"
> leaving May 15, 1872

We have not yet found an emigration record for Olof Froberg. If we could locate this record and if the story about their meeting on board ship is true; then it might help to identify the correct Helene Andersen in the emigration records.

Let us know if you would like us to continue the search for Olaf Froberg and Helen in the emigration records.

So far our staff has spent an hour on your inquiry thus using up the money that you sent.

Yours very sincerely,

Blaine Hedberg

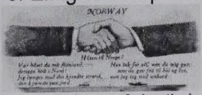
100 Years of Emigrant Ships from Norway



Solem, Swiggum & Austheim

The Anchor Line

Service for Norwegian emigrants

The Anchor Line opened a route between Gothenburg - Christiania - Christiansand and Leith, England in 1869. The ships used for the Scandinavian service was the **"S/S Scotia"** and the **"S/S Scandinavia."** It was intended as a feeder service for the company's oceanliners leaving from the port of Glasgow for New York. The name used for the company in Norway was **"Anker Linien"**, some times just noted in the sources as "Anker".

The ships departed from Christiania every Tuesday, sailing to Christiansand to pick up more passengers. The service was not profitable when the numbers of emigrants decreased radically from 1870. The company discontinued its Norwegian feeder service in 1871. From then on the Anchor Line passengers were mainly conveyed on feeder ships operated by the Wilson Line on their first stage of the voyage from Norway to America.

The general agents for the Anchor Line in Norway was first Henderson Brothers, then Olaf Rasch 1884 - 1900, Albert Raffel 1899 - 1900, Freberg & Kløcker 1902 - 1910, J K Freberg 1910 - 1914 and 1920 - 1921 (Anchor-Donaldson Line) , M R Raffel 1914 - 1925. They were based in Christiania (Kristiania - Oslo). There were agent in other cities too, in Trondheim the head agent for Anchor Line from 1868 to 1879 was L. H. Dahl.

The announcement for the Anchor Line Scandinavian service is from a 1869 booklet that was issued by the Henderson Brothers, general agents for the line. They were based in Christiania. The booklet gives information about intended sailings from Christiania every Tuesday after noon at 5 o'clock, calling at Christiansand on Wednesday morning at 10 o'clock. The ships would sail for Edinburgh and Glasgow, to connect up with the line's transatlantic steamers which would be leaving out of Glasgow for New York twice a week. For steerage accommodation from Christiania, Christiansand or Gothenburg to New York, the fee was 33 Speciedaler (about 39$), 2nd calss accommodation was 42 Spd. (about 49$), and 1st class was between 75 and 85 Spd.

S/S Scotia

The "Scotia" was built by J & G.Thomson, Glasgow in 1866 as the "Weasel" for G & J. Burns Glasgow - Londonderry service. She was built to 449 tons, length 59,03m x beam 7,95m (193.7ft x 26.1ft) and two masts. Launched in March 1866, she was purchased by the Anchor Line in 1869 and from 1870-72 ran on the Anchor North Sea feeder service. She was rebuilt in 1873 to 1,104 gross tons, length 79,58m x beam 7,95m (261.1ft x 26.1ft), clipper stem, one funnel, and fitted with a third mast (rigged for sail), iron construction, single screw and a speed of 9 knots. In 1854 she commenced her first voyage from Glasgow to Naples (dep 12th April), Messina, New York (arr 23rd May), and Glasgow. After this voyage she was used between 1876-77 for the Glasgow - Liverpool - Halifax - St John, NB service for 5 round voyages. From 1877 to 1882 she sailed on the Glasgow - Mediterranean - New York - Glasgow service (14 voyages) and commenced her last voyage in March 1882 when she left Glasgow for Genoa (dep 2nd April), Messina, Naples, New York (arr 10th May with 183 passengers) and Glasgow. On 21st June 1882 she was sold to James MacDonald of Glasgow and in 1889 was resold to G.Nelson & Sons, Liverpool and renamed "Exmouth". She was scrapped in 1895. S/S Scandinavia

The "Scandinavia" was built by Earle's Shipbuilding Co, Hull in 1865 as the "Sirius" for the White Star Line of Liverpool. She was built as a 620 gross ton ship, length 62,02m x beam 7,95m (203.5ft x 26.1ft), and with two masts. Launched in February 1865, she was sold to foreign owners and renamed "Columbia", later the same year. In 1868 she was purchased by the Anchor Line and renamed "Scandinavia" and from 1869-72 was used on their North Sea feeder service. In 1872 she was rebuilt to 1,137 gross tons, length 78,69m x beam 7,95m (258.2ft x 26.1ft), clipper stem, an additional mast fitted, iron construction, single screw and a service speed of 9 knots. In June 1873, she commenced her first voyage from Glasgow to Liverpool, Halifax and St John, NB. In 1876 she was fitted with compound engines and in December of that year commenced her first voyage from Glasgow to Naples (dep 11th January 1877), Messina, Palermo, New York and Glasgow. Between 1876-88 she completed 27 voyages between Glasgow, Mediterranean, New York and Glasgow. On 23rd

September 1878 she commenced a single Bordeaux - New York voyage and on 20th April 1888 commenced her last voyage from Denia to Valencia and New York (arr 27th May). In August 1888 she was sold to Christopher Furness and reverted to her old name of "Columbia". In 1890 she went to J.Meek of West Hartlepool who named her "Sirius" the following year. In 1893 she was sold on to Oliver & Co, San Francisco and in 1894 went to C.Nelson of Hawaii who renamed her "Kahului" and used her on the San Francisco - Hawaii service. In 1897 she was renamed "Cleveland" for the same owners and in 1898 served as a transport for the Yukon gold rush. On October 24th 1900 she was wrecked at Cape Rodney, Alaska. Dear Mrs. Frances Froberg Wooley.

I have found Helene in the church records from Sarpsborg. She was born June 24, 1861 and baptized July 28th the same year. Her parents were Anders Andersen, Opsund and Marie Helvig Andersdatter. The witnesses were the mother, Marie Eliasdatter, the father, Niels Eliasen and Christen Jørgensen. The father, Anders Andersen was a worker at the company Borregaard in Sarpsborg. I think this proves that she was raised by her parents.

I have checked the emigration records from Oslo (Christiania) again from 1877 trough 1880 on the names Oluf H. Froberg and Helene Andersdatter without any luck. Do you think they could have left from Sweden?

Andersen is a quite commen name in Norway and I think it would be difficult to find your relatives. You could, however, advertize (in English or ask the newspaper to translate) in the local newspaper in Sarpsborg. The address is:

Please send send us an international money order on $ 25 for our fee.

Dear Mrs. Frances Froberg Wooley.

We have received the $25, thank you very much.

Helene was born in Sarpsborg church.

We can not give you a birth certificate only a copy of our church records which are on microfilms. These copies are not very good and cost $2 each. If you would like a birth certificate you should write to Sarpsborg Kirke
N - 1700 Sarpsborg.
Norway.

When Helene was baptized her parents were witnesses.

There are thousands of sailors who emigrated and did not register before they left. I sorry that I can not find Helene in the emigration records from Oslo.

Dear Mr. Wooley,

We regret to inform you that our sources provide no information on Helene Froberg.

Only the records in Norway could shed any light on Helene's true parents. Because of the state church system, baptismal records constitute birth certificates. It strikes me as strange that a baptism that took place a month after birth would not enter the true parents name. The minister must have been careless, or not have known his church members well or he may have entered the facts as given him by the Andersons. I agree that the age factor points to Helene not being a true Anderson.

Adoptions within families could be simple affairs. Orphans could be parcelled out to relatives without too much red tape, community interference, or precise record keeping.

When I consider that baptismal records for children born outside of wedlock did enter both the mother's and father's name even if the child might be brought up by others, it makes this case a bit mysterious.

The time span between birth and baptism is quite in keeping with normal practice. It would indicate that the child was healthy, and that there was no special need to hurry baptism.

Several questions come to mind. Did entering her as their child at baptism

constitute a form of legal adoption? Did actual or pending adoption entitle them to enter Helene as their child when she was baptized? I suspect that only scholars in this field in Norway could answer.

Sincerely yours,

Lloyd Hustvedt
